PROFESSIONAL EVENT MANAGEMENT STAFF

Our staff members are experienced in the art of hospitality and are here to help you with every aspect of your event. If you're new to organizing tournaments, let us help you through the steps to make things easier for you! We will provide you a course contact for all of your pre-tournament needs and will have a dedicated liaison on the day of the tournament to help with any last minute details.

Because we want to ensure your event is a success, we offer many value added services you won't find anywhere else:

- We can help you acquire Hole in One insurance and provide supplies for other on-course competitions (Closest to the Pin, Long Drive, Short Drive, etc.). We also provide our Charity tournaments supplies for Par 3 Poker and the coveted Wham! Cards, free of charge, which provide an opportunity for teams to "cheat" and for you to make more money.
- We can create your player pairings, hole assignments and will even create customized scorecards and cart plates to give that professional touch. We can also assist with final scoring.
- Don't pay additional fees to event registration websites, we can take registration online and at the course to make it easier for golfers to register and save you money!
- We look at every tournament we host as our own, we promote your event on our Facebook site (~1,500 followers), our promotional materials distributed at the FSJ Trade Show, website and our emails to members.
- We can assist with developing your customized rules sheet and provide pre-tournament announcements.
- We can provide staff for other on-course activities such as bbqs and drink holes.
- We ensure our ATM is stocked prior to your event so that your participants can access cash to increase their donations. We also have a debit/credit machine for your use which helps to increase revenues for auctions, contests and ticket sales and we pay the admin fees!
