## **Terms and Conditions:**

Companies purchasing the Sponsor & Play Packages identify members of the company that are authorized to book tee times and redeem the passes on behalf of the company. No physical passes are provided, rounds are tracked electronically within the Lone Wolf Golf Club Point of Sale system and redemption information can be provided to the company representative upon request. Authorized representatives do not have to be golfing with the group if arrangements are made with the Pro Shop at time of booking.

Passes have no cash value and are for use by the Sponsor and their invited guests. Passes are not to be sold by the Sponsor to guests or a third party. Sponsor & Play packages are not refundable and all benefits apply to the 2018 season only. Any unused benefits are forfeited.

<sup>1</sup> A round is considered one outing, 9 or 18 holes, rather than a set number of holes. One "round" can not be used to do two 9 hole rounds or any other combination. Rounds can not be used for tournaments. This does not apply to tournament or other fees associated with regular play or tournaments, eg. rental clubs or tournament fees.

<sup>2</sup> Cart is for the individual's seat on a shared cart or a waiver of the daily private cart fee. The other rider on the shared rental cart is responsible for the fees associated with their seat on the cart. The cart is considered included within the green fee, whether or not the individual chooses to use the cart, and can not be transferred to another player.
